EAT LESS MEAT IF BACK HURTS

Take a glass of Salt to flush Kidneys if Bladder bothers you.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority because the urine acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days; and your kidneys will then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithium, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone. It makes a deliciously effective lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney diseases.

Farm banks to aid returning soldiers.

Springfield, Mass., Jan. 15.—In connection with the Farm Loan association today of the Farm Loan associations of the first district, served by the federal land bank of Springfield, President L. G. Robinson said that the bank has been a large factor in placing the farmers in position to aid in the solution of the post-war labor problem.

It remains to be seen, he said, whether the large number of returning soldiers predicted would seek the farms. In the district served by the bank comprising New England, New York and New Jersey, there are now 130 farm loan associations compared with thirty a year ago. Associations have been formed in all but 14 counties. Actual loans of \$5,000,000 have been made.

PUZZLE FAN'S DEPARTMENT

Well! Well! The little shoe puzzle is providing food for thought among the puzzle fiends about this town.

Some of them seem to think the shoe man was stuck for ten dollars. Others, after mature deliberation say that he's hooked for 20 of the good old U. S. bills.

Some venture \$17.50 as an opinion of his loss.

One young man said he didn't lose a thing—but that's a bit far fetched.

One guy wanted to know whether the loss was covered by insurance.

Come on with the answers. If you think that you know how much the shoe man lost, tell us.

Also, when you send in your answer to the shoe puzzle, please write on one side of the paper only.

Answers are still coming in on our puzzle last week, but as the answer has been published the late replies cannot be credited as correct solutions.

THE BONE OF CONTENTION
A man goes into a store and buys a pair of shoes for \$2.50. The storekeeper can't change the ten dollar note that he offers in payment. He asks a barber across the street to change the bill and the storekeeper then gives the man his shoes and \$7.50 in change.

Later the barber says the \$10 bill is counterfeit and the storekeeper makes good the barber's loss. How much did the storekeeper lose?

Again comes School Girl of Atlantic Heights to our aid. She insists that its perfectly simple.

Dear Puzzle Editor:
Answer to Shoe Puzzle:
Storekeeper's loss \$7.50 and cost price of shoes.

Give us something hard.
"13-Year-old school girl, Atlantic Heights."

More letters on this little controversy in tomorrow's Herald.

"Man pays for shoes \$2.50; storekeeper gives back \$7.50 from ten dollars; then he has to give the barber \$10, so he loses \$24."

"DORIS SISCO,
"35 State St. Grade VI, aged 10 years."

"Mr. Editor—This is my answer to the \$10 puzzle: The barber gave the storekeeper ten dollars in good money. The man has gone with the shoes and \$7.50; I say he is out \$7.50 and the shoes. It was not his money he gave to the man, it was the barber's, so when the barber gave him his money or the fake bill, Mister Storekeeper gave him \$7.50 and went to the register and took out the \$2.50 which was the barber's money in the first place, and made \$10."

"ATLANTIC CORP.
"Electrical Dept."

"Answer: The storekeeper lost \$7.50 and the boots. He had of course to make good the ten dollars to the barber, but it was the \$7.50 he got from the barber he gave in change, and not his own. Consequently he had the \$2.50 he charged for the boots to put with the \$7.50 to settle with the barber."

"SHATPUCK SHIPYARD."

"Gentlemen—Ans. to Tuesday's puzzle: The storekeeper lost \$7.50 and a pair of shoes."

"C. W. C. Navy Yard."

A FAITHFUL OFFICER

Mr. Albert E. Rand who has served the Middle Street Baptist Sunday school as Secretary and Treasurer for thirty years continuously, speaks for him. The right man was in the right place. By his resignation the school loses a faithful officer, a good friend, and an interested worker. While the school deeply regrets the necessity of losing him in the direct Sunday school work they most fervently wish for him a future of active usefulness.

The school feels highly honored in having the privilege of retaining him as an officer where advice of a good quality can always be found in the position it was the pleasure to place him by electing him its honorary secretary and treasurer.

GRIP SHOWS DECREASE IN WEEK

Boston, Jan. 15.—Twenty-three deaths from influenza and three from pneumonia were recorded at the local health department Tuesday night for the preceding 24 hours, and the total of 24 may be compared with the totals of 24 on Monday and 23 on each of the two preceding days. A decrease of approximately 45 per cent in new cases of influenza in the state is indicated by a comparison of the reports received at the State House Monday, covering Sunday and Monday, with those of the two corresponding days of last week.

The total cases reported in the commonwealth for yesterday and Monday of this week is 1161, as compared with 2058 for Monday and Tuesday of last week. In the reports compiled Monday, 250 new cases were tabulated in this city. A week ago the number of new cases in Boston was 390.

From all indications, the recurrence of the influenza-pneumonia epidemic may be said to be on the wane. The belief that the present attack of the big mortality wave will immediately disappear is one that is not held by health authorities.

ORDERS DIME CASH FARES

Portland, Me., Jan. 14.—Practically charging that the loss of revenue to the Portland street railway by thefts of conductors has crippled the finances of the corporation, the Public Utilities Commission tonight issued an order which makes it compulsory that tickets shall be sold on all lines controlled by the company, and that cash fares shall be accepted, but at a sufficient increase to make it a penalty to offer them.

The order was read by Benjamin E. Meaves, Public Utilities chairman, at a meeting of the Chamber of Commerce and other interested citizens to night, and comes as the final chapter in the six months' fight between the public and the railroad over the 6-cent-fare proposition. It is a blanket successor to several other orders regulating prices issued since the hearings.

"We do not undertake to say how general the misappropriation of fares by conductors has been," reads the order. "We are satisfied that the evil has existed to an unfortunate extent."

The city has been redistricted into zones. Tickets will cost 6 cents each from the hub of the city to any outside or vice versa, and 2 cents for each additional zone. Cash fares will be 10 cents, with 5 cents for every additional zone. Children under 1 must pay full fare when they occupy seats while adults are standing.

The order urges the public and corporation to get together and co-operate, censures employees for creating

SAVE YOUR HAIR AND BEAUTIFY IT WITH 'DANDERINE'

Spend a few cents! Dandruff disappears and hair stops coming out.

Try this! Hair gets beautiful, wavy and thick in few moments.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy healthy hair if you have dandruff. This destructive scour robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter for a few cents; apply a little as directed, and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Woolly's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

CHAMBERLAIN IS RELEASED

Concord, Jan. 14.—Joseph Chamberlain who has been under arrest since last Thursday in connection with the Clifford murder, was released Tuesday afternoon when the county officials were unable to allow any evidence against him. Chamberlain was arraigned in police court and was discharged when no evidence could be furnished connecting him in any way with the Clifford case.

As a result of the false arrest and nervous condition of Chamberlain, who has a wife and a child seven years old in Wallingford, Vt., John M. Stark, counsel for Chamberlain, has filed a suit in the county court for \$5,000 against J. H. Hunter for false arrest. Hunter made the arrest of Chamberlain in Bloomfield, Conn., last Thursday.

A Plea for State Rights.

This paper has more than once commented upon the drift toward centralization, or paternalism, in governmental matters in this country, and it is not alone in recognizing this tendency, a tendency which is constantly taking matters out of the hands of towns, cities and counties and placing them in the hands of the state, and placing under federal jurisdiction many matters that were formerly considered strictly as the business of the states.

Governor Clement of Vermont is awake to the situation, a fact which is made very plain by some of the things he said in his inaugural address last week. He objects to the taking by the federal government of sources of state revenue and urges the Legislature to stand in opposition to the drift in this direction. He is opposed to government ownership of the railroads and to national prohibition, both of which would not only deprive the states of present sources of revenue, but also of the right to manage their own affairs in their own way so far as these and other important matters are concerned. "The hand of the federal government rests heavily upon all the business of the United States," said Governor Clement. "On account of the war the people have suffered this without complaint and with the hope that relief would come with the coming of peace. So far this is a hope only, and there is apparently no definite plan for returning to rightful ownership property which has been seized by the federal government under the plea of war emergency."

As is well known, that is the way the owners of the railroads feel with reference to their property, and there is reason to believe that a large part of the public feels the same way, notwithstanding the strength of the pressure for government ownership, not only of the railroads, but of the telephone and telegraph lines and other public utilities which have hitherto been under corporate management. After discussing these matters at some length Governor Clement said to the legislators: "While this matter rests entirely with you, and not with me, I do not deem it proper at this time to remind you of the danger which lies in a too complaisant surrender of the rights and powers inherent in our sovereign state and in our people." It is time for men of prominence and influence to speak up on this question. If the time has arrived for placing in the hands of the government business affairs that have heretofore rested in the hands of the people, well and good, but the step should not be taken blindly or in haste. It should be very carefully considered, and all the arguments, for and against, should be heard and weighed.

Governor Clement performs a public service not circumscribed by the bounds of his state in thus going on record against the surrender by the states of the rights they have enjoyed in the past. The question of revenue is not the most important. That will be taken care of in one way or another, but the right of "self-determination" in matters of vital consequence to themselves is one that should not be lightly surrendered by the states.

If the state is to be bone dry it will not do to permit the sale of hard cider, against which a bill has been introduced in the Legislature. But the bill would also prohibit the manufacture of cider, and this seems rather drastic. To prevent a farmer from extracting juice from his own apples for his own use would seem more like autocracy than like the legislation of a free country.

Department of Labor officials are beginning to fear that unemployment may reach troublesome proportions before spring. It is to be hoped their fears will prove groundless, and that the situation will not be aggravated by an insistence upon wages and conditions which will tie the hands of those who are doing their best to keep business moving.

There is nothing like "internationalism" just now. Samuel Compers, head of the American Federation of Labor, and a number of delegates have gone abroad to endeavor to put the cause of union labor on an international basis.

Not all of the exciting adventures were experienced at the front. The men caught in a gas-filled compartment of a submarine at the navy yard the other day have something of a story to tell.

If some of the puzzle makers don't ease up a little until after the Peace Conference they will have us all crazy. There are limitations to the capacity of the human mind.

The menu served at the big meeting of Grangers in this city a few days ago proved conclusively that there is no danger of starvation among the Patrons of Husbandry.

While other people shiver the ice men grin.

INSTALLATION EXERCISES OF EASTERN STAR

Rivermouth Chapter, No. 13, O. E. S., held its regular meeting Tuesday evening in Masonic Hall, the session being largely attended and a notable one, and included the installation of its officers elect and the presentation of a service flag.

The routine business of the lodge was transacted and the presentation of the service flag given by the retiring officers of the order, the presentation speech being made by Mrs. Cornelia St. Clair and accepted by Worthy Matron Elva F. Sherwood in behalf of the lodge.

The five members of Rivermouth Chapter who were in the U. S. service and given stars in the flag were George S. Knott, William Brock, George Victor Ross, Leroy Harmon and Milton Rasmussen.

The installatory officer was Geneva L. Winn, Past Grand Chapter and Past Worthy Matron of John Williams Chapter, No. 139 of Dover, assisted by Marshal Emma Stenwald, Worthy Matron-elect of John Williams Chapter of Dover and Grand Secretary Besse P. Norris.

The following were the officers installed:

Worthy Matron, Florence M. deRochemont.
Worthy Patron, Charles H. Amhoff.
Associate Matron, Nettie J. Watkins.
Treasurer, Marion Wood.
Conductress, Cornelia St. Clair.
Associate Conductress, Grace E. Down.

Chaplain, Lillian Marshall.
Marshal, Grace Parker.
Organist, Millie D. Hobbs.
Aid, Sarah Ham.
Ruth, Helen I. Fish.
Father, Jean I. Horton.
Mother, Alice P. Chandler.
Deacon, Margaret Harrison.
Wardens, Alfred Caswell.
Sentinel, Willis Plaster.

The installatory work was timely done and the singing of Mrs. George E. Chaffee added to its interest. When the new national flag of the Chapter and the service flag were brought in she rendered one verse of the "Star Spangled Banner."

The presentation of a past matron's jewel to the retiring Worthy Matron, Mrs. Elva F. Sherwood and a patron's jewel to Past Worthy Patron Charles H. Amhoff by the Grand Secretary Besse P. Norris, was an interesting incident of the evening, these tributes being received with much appreciation.

Refreshments were served in the banquet hall where a social time was enjoyed, music and dancing adding to the pleasure of the evening.

NAVY YARD NOTES

What Is Our Delegation Doing?

Congressman George Holden Hinkham of Boston today introduced bills to provide a new power plant at the Boston navy yard to cost \$1,100,000 and a plate storage yard, equipped with overhead cranes, to cost \$300,000. He also presented measures to provide captured German cannon to be placed on Boston Common and in Roxbury, Roslindale and Mattapan.

Isn't it about time that our members of Congress asked for something?

BAY STATE RAILWAYS TAKEN OVER

Boston, Jan. 15.—A certificate of incorporation of the Eastern Massachusetts Street Railway Co. organized to take over the property of the Bay State Street Railway Co. now in the hands of a receiver was filed today with the Secretary of State. The filing of the certificate constituted an acceptance by the Bay State Co. of the service at cost plan authorized by the last legislature and on Feb. 1 the new company will pass under the control of five public trustees to be appointed by the Governor. Gov. Coolidge will name the trustees.

ARGENTINE IS NOW UNDER MARTIAL LAW

Buenos Ayres, Jan. 15.—Martial law will become effective throughout the country today if the Senate acts favorably on a bill passed by the Chamber of Deputies yesterday. The bill provides that the military authorities shall be in control of the country for 30 days. Five provinces have asked for troops and at every army post there was great activity today.

PROCLAMATION FOR ARMENIAN AND SYRIAN RELIEF

STATE OF NEW HAMPSHIRE.

Office of the Governor.

América has borne the burden of responsibility thrust upon her by the results of the war, which she must assume if humanity's calls are to be met. Four million people in Asia, Armenia, Syria and Greece, will die of starvation unless they are kept alive and supplied with food, and with seeds, agricultural tools and cattle, so that by September they may become self-supporting. Practically, if this country does not come to their aid, no one will be able to do so; the lives of these industrious and freedom-loving people depend upon us.

A systematic effort is being made in this current week to obtain the minimum needed to do this by the collection of \$20,000,000, 1 per cent of the United States bond, and New Hampshire's share is \$101,621, distributed proportionally among the 240 cities and towns, I very earnestly urge those who can give largely to do so, and those who can give little to be careful to give in small sums through the local committees organized all over the state. It is good policy to keep these national allies alive as a bar to future German ambitions; it is a great philanthropic duty to feed the starving people of the near east.

JOHN H. BARTLETT, Governor.

Jan. 14, 1919.

NOTICE.

There will be a meeting of Belknap Lodge, No. 157, Wednesday night at Pythian Hall, Freeman's block. All members are requested to attend, as business of importance will be taken up.

The allied nations in Europe have agreed to undertake their full responsibility in the matter.

M'CORMICK'S RESIGNATION ANNOUNCED

(By Associated Press)

Washington, Jan. 15.—Vance McCormick's resignation as chairman of the Democratic National Committee was made public today at committee headquarters with the announcement that a meeting would be held Feb. 26 to elect his successor. H. S. Cummings, vice chairman, is expected to be the new chairman. Reports that Mr. McCormick might become ambassador to France which were given some credence last night were said in official quarters to be premature at least. Ambassador Sharp who is now in this country expects to return to Paris shortly and is said to have no present intention of resigning.

BARBERS PLANNING NEW WAGE DEMAND

Boston, Jan. 15.—Members of the local barbers' union are planning to make a new wage demand about the 1st of May that will react upon the public in increased prices for haircuts, shaves and other barber work. The proposed new schedule calls for an increase of \$1 a week in the straight wage, with half over \$25, instead of the present scale of \$15 a week and half over \$20. The present schedule has been in force for the past two years, and attempts to break it have been blocked by officers of the union.

DRIVE FOR ARMENIAN RELIEF STARTED

The active work on the Armenian and Syrian relief drive begins today when the business men's teams will begin their canvass of the business section. The quota for this city is \$3800 and the committee are confident that the city will go over the top in this very worthy cause. It is a regular war measure for it is saving the people of Armenia and Syria, who were ravaged by the Turks.

A meeting of the Committee with Chairman F. M. Eise was held at the Chamber of Commerce rooms on Tuesday evening and Mr. Charles F. Shillaker was appointed treasurer. The committee wish it known that Mr. Shillaker will receive contributions at the National Mechanics and Trades bank and if not called upon make your contribution there. Don't forget that this is a work of saving lives and starting a people who with a little help will be self-supporting and able in the future under proper protection to care for themselves.

HERE AND THERE WITH THE SPORTS

A communication is at hand from one John Carlson of Cleveland, Ohio. Mr. Carlson states that he is a middle weight wrestler and is anxious to get our Bill in a ring to prove it.

Carlson? Carlson? Dye remember ever hearing of him?

He requests that we inform Dryden of his challenge. This also has been done.

Give Mr. Carlson credit. He does not say he is a champion middleweight. That helps.

The bowlers are rolling like champions now. All the alleys are busy and the interest in match games was never greater.

The boxing show to be staged by the Knickerbocker A. C. at Freeman's hall Thursday evening should prove one of the best cards given in this city for a long time.

Willie Green is not only a wonderfully clever man, but he has several little tricks that are extremely amusing to the fans.

All the bouts have been arranged to make hard, even boxing, and as we said before, should prove a treat.

The Greys in Manchester eagerly await Monday to see our former wrestler in their fair city. The interest in the match between Dryden and Kilbuck is nothing short of remarkable.

Many local fans are planning to go to Manchester for the contest. If John works his usual rough stuff he is liable to meet a very fair kind of return according to the way Dryden handled his last opponent.

"We shall see what we shall see," said one old fan and we won't know until Monday night.

The plans of the Y. M. C. A. for track wrestling and basketball teams are coming along nicely and we may look for much from this organization in sports this winter now that their "kenn" is ready for business.

MUCH WORK FOR RED CROSS STILL TO BE DONE

At a meeting of the executive committee of the Portsmouth Chapter of the Red Cross, held on Tuesday evening, it was brought out that there is great need of women workers in the work room if the allotment of refugee garments required by the Red Cross is to be completed.

Mrs. Locke, the chairman of the workroom, reported that there were about 600 garments in the present allotment and that a new allotment had been made which calls for 1100 more to be completed on March. They are all simple in their construction and the Red Cross sends the cut out articles and the labor is for sewing and finishing. The work room at the Y. M. C. A. is only open one day a week and there has not been as great a response since the armistice was signed. The ladies who were so good in the simplest dressing department have not been in attendance of late and it is hoped that they will take up this new work as well as those who were knitting.

The final report on the enrollment for the Red Cross in the Christmas membership drive was 6373, a very creditable showing.

A letter was received from Industrial Manager Adams of the Navy Yard, that the sum of \$933.31 had been received from the Industrial show of the Industrial Department, but instead of sending it direct to the Portsmouth Chapter he had forwarded the check to the Navy Department to be given to the National Council, making that it be credited, \$701.50 to the Portsmouth Chapter, and \$231.81 to the Kittery Chapter.

make an aerial survey of the North pole will be known as the Roosevelt memorial expedition, according to an announcement here tonight by the Aero Club of America, which is financing the trip. Any land discovered will be named "Rooseveltland."

Officials of the club explained it was fitting this tribute should be paid the former President, as it was he who gave Rear Admiral Robert E. Peary leave of absence to head the expedition, which discovered the pole, and Captain Bartlett commanded Peary's ship, the Roosevelt. Club officials also emphasized the fact that Colonel Roosevelt had been one of the first "patrons of aeronautics."

OBSEQUIES

Miss Margherita deRochemont. The last that was mortal of the late Miss Margherita deRochemont, daughter of Mr. and Mrs. C. M. deRochemont were laid away in the family lot shortly after 1 o'clock Tuesday afternoon. The services were strictly private and were attended only by the immediate family. Rev. J. Harold Gould of Newington officiated and he paid a fine tribute to the deceased. The Louis Quartette of Boston, rendered a beautiful program of songs of which the deceased loved in her life time. The floral offerings were many and showed the high esteem in which she was held by many friends. The pall bearers were Percy E. deRochemont, Allan C. deRochemont, Leo S. Merrill and Joseph L. Jocely. Undertaker A. J. Trotter was funeral director.

T. R.'S LAST WORDS TO AMERICA TO BE REPRESENTED ON BRONZE TABLET AT THE NEW YORK HIPPODROME

Charles Dillingham yesterday instructed his officials at the New York Hippodrome to have Col. Theodore Roosevelt's last message to the American people or the substance of that message, which was a plea to continue the fight for "Americanism" placed upon a bronze tablet and set in a conspicuous niche in the great auditorium, since it was on the stage of the Hippodrome that the last words of the much-beloved ex-President were conveyed to the American public, the evening before the sudden death of "the world's greatest citizen." The message was a performance and rally under the auspices of the American Defense Society, and as Col. Roosevelt's last words were a characteristic and fitting message, a quotation from which Mr. Dillingham will perpetuate by having it engraved in metal relief. This sentence is "There must be no slackening in our endeavors for Americanism."

INFLUENZA RAGING IN EPIDEMIC FORM IN DOVER AGAIN.

Dover, Jan. 14.—So serious has the epidemic of influenza again become in this city that the board of health at a special meeting tonight voted to put the ban on all public gatherings and amusements, pool rooms and places of public resort till midnight Saturday, beginning at 7 o'clock to-wrinkle early, be always depressed by superstitions and known, avoid them. There are over 100 known cases and there have been several deaths in the last few days.

It is hoped that by Saturday a change for the better may be noted. If not, the ban will be continued.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and To Increase Strength, Vigor and Nerve Force.

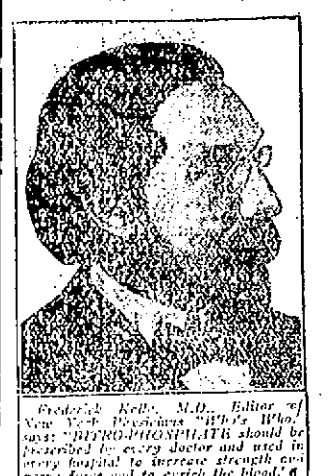

Judging from the countless preparations being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing only hollows and angles by the soft, curved lines of health and beauty, there

George Hamilton, the wonderful "Thin" man, who was once thin and frail, says: "BITRO-PHOSPHATE brought about the magic transformation of my body. I gained 35 pounds and never before felt so well."

are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. This element, which is lacking, that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by D. W. Adams' Drug Store and most all druggists under a guarantee of

Frederick Kelly, M.D., Editor of New York Post-Opinion "Who's Who," says: "BITRO-PHOSPHATE should be prescribed by every doctor and used in every hospital to increase strength and nerve force and to enrich the blood."

Mrs. George L. Buckley, who has her hair and face in perfect condition, says: "I have gained 25 pounds since I began using Bitro-Phosphate. I feel like a new woman."

secondary excessive fatness, soon disappear and faces become bright, and pale cheeks glow with the bloom of perfect health.

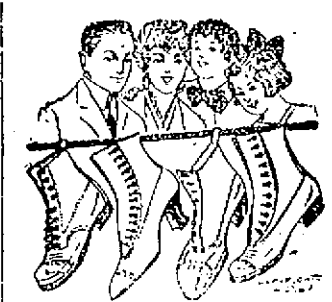

Joseph D. Bartlett, former Visiting Surgeon to North Eastern Dispensary, says: "That those who are weak, thin, nervous, anemic or run-down take a natural, unadulterated vegetable and germ-building substance such as bitro-phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of flesh and mind and power of endurance."

CAUTION.—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness or general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

SERATHOL FOR INDIGESTION

A PHYSICIAN'S ADVICE

Recent investigations of the treatment of a large number of cases of indigestion, dyspepsia, acidity and constipation have conclusively shown that the stomach is the key to the whole system. There is nothing more effective in the treatment of these ailments than Serathol, which can be obtained from D. W. Adams' Drug Store in Portsmouth or any good druggist at trifling cost. Many a sufferer from these complaints has been successfully treated in the almost instantaneous manner by Serathol. It is now put up in chocolate coated tablets, is inoffensive and can be obtained from all good druggists without a physician's prescription.

ROCKLAND WEARY OF "SUSPECTS"

Rockland, Me., Jan. 14.—One suspect released from detention and suspicion, another suspect detained temporarily until the verification of his alibi arrives from Camp Devenis, and still another suspect being searched for, as a result of a "tip" given to the police late Tuesday afternoon, is the record in the effort to find the solution of the mysterious slaying of Mrs. Henry E. Brown on the night of Dec. 31.

The suspect released was George Everett Wallace of Waldoboro, and his grilling required but half an hour. He had been brought in late in the night and was released in time to go back on the early afternoon train.

The only clue that connected him with the case was the description given by a woman who had said she saw a "tall man in a long overcoat" pass through her yard twice on the early morning before Mrs. Brown's body was discovered.

When Wallace was confronted by this woman Tuesday she declared immediately that he was not the man she saw in her yard.

NO QUININE IN THIS COLD CURE

"Pape's Cold Compound" ends colds and grippe in a few hours.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all grippe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and air passages of the head; stops nasty discharges or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing. Breathe your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

BLACK BAD FOR HEALTH

Never wear black! Unless you want black. Black clothing can cause influenza, lung trouble, liver trouble and more general unhappiness than any other influence in the world, almost. Also if you don't want to be a white flower keep away from white frocks for evening wear.

And this is on the statement of none other than Louise Cutts Powell, color psychologist and vocational expert, who gave an address on "Color Harmonies in Dress," at the Hotel Brunswick yesterday afternoon.

"It is the especial mistake of women who are growing old to wear black," said Miss Powell. "It brings out all the hard lines of the face and actually affects the health and spirits. Black shuts out light from the body. It is a destructive color, and if not the actual symbol of physical death, it is death to the aspirations and personality of the people who wear it."

"If you must be conservative, be so in your street clothes. Choose blues and greys and always give them a touch of something lighter. Try to skillfully combine three harmonious colors; always putting at least a tiny touch of some warm shade with the colder tones you are wearing."

Warm tones, according to the color expert, are red, orange, yellow and red violet. The cold colors are white, black, brown, blue and blue violet.

NEW YORK HIPPODROME'S WORLD'S RECORD.

The amazing gross receipts announced by Charles Dillingham at the New York Hippodrome during the last week of the holidays totalling \$75,075.75, have probably never before been equaled by any other indoor attraction in the world within the same period of time, 6 days. The largest gross ever achieved previously at this huge playhouse, which has been favored with record attendance in season's past, was \$71,000.00. Everywhere the most remarkable results are reported in the theatres during the holiday days just past, but among them all the greatest achievement of all is that reported at the Hippodrome, where the form of amusement Charles Dillingham has provided for four consecutive years has gradually built up a clientele which is nothing less than stupendous in its proportions.

CLEVER DANCERS.

Itzy and Hipo Selwyn gave a very pretty exhibition of dancing at Freeman's hall last evening. One of the best dancing teams that have ever showed here was the opinion generally.

expressed by the large attendance both on the floor and in the balcony. The music was under the direction of Clara Wentworth Marden and with the brass ducts, trio's and quartet were features that were very pleasing to the dancers who expressed their appreciation by renewed applause. The management of the Tuesday dance is putting over some great music at these affairs which is the means of increasing the patronage from week to week.

R. L. WYTE
SUCCUMBS TO
INJURIES

Ralph L. Wyte, one of the victims of the submarine fire accident at the Navy Yard Sunday morning, passed away this Wednesday morning at 1:15 as the result of his injuries.

Mr. Wyte was electric welding in one of the bottom compartments of the ship when a spark set fire to his clothing. The flames overcame both him and a fellow worker named Marden, who was also seriously burned and gassed, but he is now out of danger.

It was necessary to cut a hole in the steel plates of the ship to enable the rescuers to get the injured men from their dangerous position.

Mr. Wyte and his wife stopped at the Champernowne hotel in Kittery. His home was in East Rochester. There are no children.

The body will be taken from the Navy Yard hospital to Portsmouth tomorrow for shipment to his home in East Rochester.

OBITUARY

Wilbur I. Trafton.

Wilbur I. Trafton, one of the oldest machinists in this city, died at his home on Cabot street, Tuesday noon, after a brief illness, aged 74 years. Mr. Trafton, who learned the jewelry business with the late Alfred Bennett in 1860, opened a store of his own in July, 1862, in the old Franklin block and he remained there until it burned, and then moved back, subsequently moving across the street where he has now been for nearly thirty years. He has been 63 years in business, for the last seven of years his principal work being repair work and electrical supplies, his son being associated with him in the business.

He was superintendent of the Portsmouth fire alarm system for many years and was always active in the Odd Fellows. He joined Odd Fellows No. 18, I. O. O. F., Oct. 10, 1878, and was a past grand. He joined Union Hebrew Lodge May 21, 1889. He leaves a wife and one son, Harry Trafton, of this city.

Mrs. George E. French.

Mrs. Ella Parber French, wife of George E. French, passed away very suddenly on Tuesday afternoon at her home on Middle street. She had been down town in the morning and had returned at 1 o'clock and after lunch complained of feeling ill, and a few minutes later passed away. Her death was a shock to the entire community. She was born in this city April 13, 1870, and was the daughter of the late James and Mrs. Parber. She was a graduate of the Portsmouth High school and was married on Jan. 12, 1897, to George E. French, by Rev. Curtis Hoyt Dickson. She leaves besides her husband, four children: Mrs. Louise Massey, Miss Margaret French, a student at Dana hall; Judith French, a student at Amherst, and George Hendry French, a student at Phillips Exeter. A mother and two sisters, Misses Annie M. and Margaret Parber, and one brother, Fred Parber, also survive.

William J. Morrison

In West Somerville, Mass., on Monday occurred the death of William J. Morrison, a former resident of Portsmouth, son of the late John and Ann J. Morrison.

He was formerly a member of New Hampshire Lodge, I. O. O. F., and a charter member of Storer Post, G. A. R.

Besides a widow, he is survived by a daughter, Mrs. Edwin Slides of Brooklyn, N. Y., and two sons, Edward L. and Everett J. of West Somerville; also by four brothers, James R. of Pomona, Fla., Edward T. and George H. of this city and Wallace W. of South Portland, Me.

Mrs. Sophia A. Pickering.

Mrs. Sophia Antonette Pickering passed away this morning at her home, 348 Union street, of pneumonia after a week's illness, and the news of her death will be heard with regret by the hosts of friends of this gentle and estimable woman.

Mrs. Pickering was born in Newington on March 3, 1813, the daughter of George W. deRochemont and Henrietta (deWitt) deRochemont and passed about all her life in that town until she took up her residence in this city in 1901. She was one of nine children and of these her three sisters only now survive. Mrs. Pickering taught school in Newington when a young woman, and had many friends in her native town. Her marriage to the late Geo. Pickering of Newington occurred on July 10, 1833, in that town. Mr. Pickering was a man of splendid characteristics and the married life of the couple was ideal. He died at his home in this city on June 1, 1908, honored and respected by all who knew him.

Mrs. Pickering has been a sufferer from neuralgia for the past fifteen years, but bore it with much patience, and though oftentimes in much pain, she would forget self and think of others. Her nature was charitable and kindly, ever ready to give a kind word and do a kindly deed. Mrs. Pickering and her daughter, Miss Helen Pickering, resided together and the devotion between mother and daughter was marked, and much sympathy is

extended to the latter in her bereavement.

Mrs. Pickering was a member of Christ church and attended services until her health failed. She is survived also by three sisters, Mrs. Henrietta Brackett of Greenland, Mrs. Lydia Tracy of Gravelly Ridge and Mrs. Cora Littlefield of Newburyport, Mass.; also a number of nieces and nephews.

Fred H. White.

Fred H. White died at the Wentworth hospital, Dover, Monday night following a three weeks' illness. He was about 52 years of age. Mr. White was born in Dover and always resided there. He was a shoe maker by trade but for some time past has been employed at the Portsmouth Navy Yard. He is survived by his wife, a daughter, Edith; and one sister, Mrs. Edith Johnson of Lynn, Mass.

That a soldier wanted his immediate discharge at Camp Devens.

That the said soldier was doing kitchen police.

That kitchen police duty is a combination of scrub women's work and manual labor, such as peeling onions and other discontents.

That the said soldier had been on this duty for six months.

That he had served well and faithfully even to the onions.

That he gave as a reason for discharge, urgent business.

That he owns a \$260,000 business in New York.

That most people would call that service patriotism with every letter a capital.

That Mayor Drake of Bath is extremely sore.

That he has every reason to be.

That he kept the sleuths in gas and oil all summer and fall free of charge.

That he has been fined ten dollars for not paying his federal tax on the boat.

That the government certainly rewards patriotic services.

Would the warmth of the greeting be so great if your entrance hall or your living-room contained "common" furniture—the kind you would feel like apologizing for to anyone who might call? For furniture from Margeson Brothers you need no apology, and you'll never have to make one. You couldn't buy common furniture here if you tried. True, you will find some remarkably low priced furniture in this unusual store; simple, refined, in good taste always, but the cheap, showy pieces we simply haven't them for sale. Our usual cordial welcome awaits you—come and see "The House Beautiful," our furnished suite.
